

PENTHOUSE - **SKYLINE**

The finely customizable products in style and configuration, along with the numerous options in the SKYLINE collection, allow you to create furniture that represents your version of comfort. Here is how to design your custom furniture.

Measure the available space in the bathroom and determine your needs.

1

Choose a vanity type: SKYLINE-10, 16 or 18. Add the desired options.

2

Choose a linen cabinet or full height medicine cabinet. Add the desired options.

3

Choose a quartz countertop with a sink or a vanity top.

4

Choose a mirror or a medicine cabinet. Add the desired options.

5

Choose the materials and finishes for the furniture, countertop and handles.

6

Consult the Facades catalogue to select the style and finish of the facade.

7
